Activities - Microsoft Copilot for Powerpoint Masterclass

Eight progressive self-contained activities for C012. Learners design a statistical KPI, comparison, timeline, process, comparison data-story, hierarchy, stakeholder mind-map and resource-scorecard infographic using Microsoft 365 Copilot and PowerPoint. Every folder contains detailed instructions, printable PDFs, a structured Copilot prompt, synthetic mock data, a formula-enabled Excel workbook, an editable start PowerPoint and an editable worked example.

Topic alignment
